October 1, 2023

Honorable Mayor, City Council Members and Citizens:

In compliance with the City Charter, it is our pleasure to submit the recommended budget for the City of Belleair Beach for fiscal year 2023 – 2024 and indicates what services the City will provide during the twelve-month period beginning October 1, 2023 through September 30, 2024. There are issues that the City will encounter in the immediate future, in the short-term financial planning horizon, and considerations that need to be made for the long-term financial wellbeing of the City. Our immediate budget decisions must prioritize how critical these challenges have become for the City. There is an emphasis on preserving the General Fund balance for long-term operating and capital needs. This is accomplished, in part, by the establishment of a City Resolution that requires 20% of the General Fund operating expenditures to remain intact as a reserve for the future.

This budget has been prepared in accordance with all applicable City, State, and Federal requirements, as well as generally accepted accounting standards for governments. The City adopts a balanced budget annually, which means budgeted revenue equals or exceeds planned expenditures. Revenues are recognized when they become measurable and available. Expenditures are recognized when they are incurred. Capital items are budgeted as expenditures in the year they are purchased and are characterized as fixed assets for accounting and reporting purposes. The City has projected conservative revenues to try to avoid shortfalls during the fiscal year and has planned operating expenditures to maintain current service levels.

Belleair Beach is unique because it does not have any commercial businesses located within the City limits (by City Charter), therefore it has no commercial tax base. The primary sources of revenue consist of various municipal and state taxes, rental charges for the use of the City Hall building (which is utilized for weddings and other functions), the Marina boat slips that are rented on a monthly basis, and stormwater assessments.

The City reports the following major governmental funds:

- The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The Capital Projects Fund is a governmental fund that accumulates resources for the purchase of capital assets or the construction of capital projects.
- The Marina Fund accounts for the assets, operations and maintenance of the City-owned marina.
- The Stormwater Fund to account for the costs of stormwater improvements throughout the City.

The proposed budget is designed to maintain and improve the community's quality of life while also remaining fiscally responsible. The key principles on which this budget has been developed include:

- Funding basic services in response to the needs of the community as expressed by citizens and Council in a fiscally responsible manner
- Projecting revenues at realistic levels
- Continuing programs to stabilize or improve City operations
- Maintaining and enhancing quality of life with City-wide infrastructure and capital improvements
- Maintaining "Unassigned" fund balance reserves at a fiscally responsible level
- Maintaining employee benefits and salaries at competitive levels

These budget principles align with the City's mission and vision from the City's Strategic Plan:

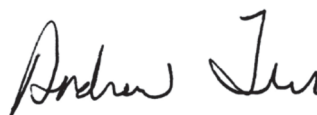

- We will create a high level of resident satisfaction by focusing on a beautiful, friendly, safe, well-managed waterfront community.
- To be a premier, gulf coast, residential community by creating a high level of resident satisfaction, ultimately increasing the demand for living in Belleair Beach and subsequently increasing property values.

Every fiscal decision is carefully evaluated so the City can make informed and responsible choices to determine our priorities against ever-changing economic, environmental, and political circumstances. Our appreciation is extended to the City Council, City staff and City residents who are committed to helping prepare for the future needs of Belleair Beach.

Respectfully Submitted,

Kyle Riefler, City Manager

Andrew Tess, City Treasurer

# Budget Calendar

Departments submit their budget requests to the City Manager during April and May of each year. The City Manager uses these requests as the starting point for developing a proposed budget.

The proposed budget is presented to the City Council for review in July. Budget workshops that are open to the public are held in July and August. The Council is required to hold two public hearings on the proposed budget and to adopt a final budget no later than September 30th, the close of the City's fiscal year.

The appropriated budget is prepared by fund and department. Department heads may request transfers of appropriations within a department through a budget transfer request by the City Manager and City Treasurer provided that the total budget within a fund is not changed. However, if the total amount of budget appropriations within a fund is changed, a resolution authorizing a budget amendment is required to be approved by Council.

\* Taxable value per preliminary 2023 tax roll - 7/1/23

### Calculation of Millage Rate:

Florida Statutes provide for a discount of up to 4% for early payment of Ad Valorem taxes, so the City of Belleair Beach has budgeted collections of 96% to anticipate these discounts. All unpaid taxes become delinquent on April 1st and are sold at auction on June 1st of each year as tax certificates. The City has fully collected all Ad Valorem revenues after all tax certificates are sold and this cycle occurs within the same budgeted fiscal year.

The City of Belleair Beach has retained the same millage rate of 2.0394 assessed on Ad Valorem taxes for the years 2012 through 2023. The proposed millage rate for fiscal year 2023 - 2024 will remain at 2.0394 mills per \$1,000 of taxable property value. The rolled-back millage rate of 1.8494 is the rate that would produce approximately the same amount of property tax revenue in the current budget year compared to the amount collected in the previous year. Retaining the same millage rate of 2.0394 will generate revenue of \$1,585,100, which is \$155,510 more than last year's budgeted Ad Valorem revenue of \$1,429,590.
