LETTER OF TRANSMITTAL

March 3, 2014

To the Honorable Mayor,
City Council and
Citizens of the City of Belleair Beach

State law (section 218.32, Florida Statutes, as amended) requires that all general-purpose local governments publish within nine months after the close of each fiscal year a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with generally accepted, in the United States of America, auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the City of Belleair Beach, Florida for the fiscal year ended September 30, 2013.

This report consists of management's representations concerning the finances of the City of Belleair Beach, Florida. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Belleair Beach, Florida has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the presentation of the City of Belleair Beach, Florida's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of Belleair Beach, Florida's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City of Belleair Beach, Florida's financial statements have been audited by Davidson, Jamieson & Crisitini, P.L., a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Belleair Beach, Florida for the fiscal year ended September 30, 2013, are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management;

and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the City of Belleair Beach, Florida's financial statements for the fiscal year ended September 30, 2013 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Belleair Beach, Florida's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

The City of Belleair Beach, Florida was incorporated in 1950 and was chartered pursuant to Chapter 166 Florida Statutes, with a Mayor form of government. The City of Belleair Beach, Florida currently occupies a land area of eight tenths of a square mile and serves a population of 1,558 as of April 1, 2012. The City of Belleair Beach, Florida is empowered to levy property tax on both real and personal properties located within its boundaries.

The City of Belleair Beach's charter was changed and approved in 2004 to provide for a council-city manager type of government. Policy-making and legislative authority are vested in a governing council consisting of the mayor and six other members. The City Council is responsible, among other things, for passing ordinances and resolutions, adopting the budget, appointing committees and hiring both the government's manager and attorney. The city's manager is the chief executive officer of the city. The city manager is responsible for carrying out the policies and ordinances/resolutions and directives of the city council. Among other things, the city manager will direct and supervise the administration of all departments of the city, except as provided by Charter, attend all council meetings and submit to the City Council a proposed annual budget in "a timely manner" each year. The Council is elected on a non-partisan basis. In odd numbered years four council members, including the mayor, shall be elected for a three-year term and three council members shall be elected to a three-year term in the even numbered years. The mayor and council members are elected at large.

The City of Belleair Beach, Florida provides these services: improvement of street drainage, maintenance of streets, parks and other infrastructure. Police protection is provided by the Pinellas County Sheriff's Office effective June 1, 2007 per referendum approved by citizens in March 2007. The City's recreational facilities include parks and playgrounds, beaches, tennis courts, basketball court and library services in conjunction with the Pinellas County Public Library Cooperative. The City also has a marina available to residents. This is an Enterprise Fund and is included in this report.

Department heads submit to the city manager their budget requests during April and May of each year. The city manager uses these requests as the starting point for developing a proposed budget. The city manager then presents this proposed budget to City Council for review in a timely manner in July. Budget Workshops that are open to the public are held in July and August. The Council is required to

hold two public hearings on the proposed budget and to adopt a final budget by no later than September 30th, the close of the City of Belleair Beach, Florida's fiscal year. The appropriated budget is prepared by fund and departmental details. Department heads may request transfers of appropriations within a department through a Budget transfer request by the City Manager and Finance Officer provided that the total budget within a fund, e.g., the General Fund, is not changed. However, if the total amount of budget appropriations within a fund is changed, a resolution authorizing a budget amendment is required to be approved by Council. Budget-to-actual comparisons are provided in this report for each individual government fund for which an appropriated annual budget has been adopted. For the General Fund, this comparison is presented on page 26 as part of the basic financial statements for the governmental funds. For the Marina Fund, budget-to-actual comparisons are presented on page 67.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Belleair Beach, Florida operates.

Local economy. The City of Belleair Beach, Florida is part of a region that has been going through a tough economic environment. The City of Belleair Beach, Florida is a residential community with a marina. The most recent estimate of property values shows a 5.94 percent increase in taxable values for 2014 as compared with 2013 values. In the Tampa Bay area, the unemployment rate of 6.70% in September 2013 is an improvement from 8.50% in 2012, although still high as compared with other parts of the country. The general consensus is that there will be some economic recovery but it is anticipated to be slow. For the next fiscal year, the outlook for the City's revenue stream from the following sources should be positive: Franchise fees are anticipated to increase very minimally due to higher utility rates. On the other hand, infrastructure sales taxes and state revenue sharing are expected to stay steady if not decrease due to cautious consumer spending which is adversely affected by unstable gas prices. Ad Valorem may be negatively affected by the flood insurance regulation changes that will increase flood insurance costs for many home-owners.

The region (which includes the City of Belleair Beach, Florida and the surrounding unincorporated area within the same county) has a population base of approximately one million people, with three surrounding counties playing a vital role in the region's economy.

Long-term financial planning. The City of Belleair Beach, Florida has long-range plans for infrastructure improvements (streets, drainage and bridges); upgrades in parks and recreation facilities (docks, seawall repairs and park renovations). The city's long-range financial plan has provided approximately \$1,357,375 for capital improvement projects impacting parks and recreation and infrastructure. Street resurfacing, valley curb repair and replacement program, park renovations and upgrades, dock replacement, seawall repairs and Gulf Boulevard Beautification projects are scheduled throughout Belleair Beach over the next five years.

Construction of the new Community Center was completed during fall (October/November) of 2009. The Community Center facilities, overlooking the Intracoastal Waterway, have generated rental income from weddings, parties, banquet furniture, meetings and fitness programs. The City believes that the Community Center enhances services to citizens, improves the aesthetics of the City and provides for a structurally and environmentally sound City Hall. The City of Belleair Beach, Florida received the proceeds of a tax-exempt bank loan with SunTrust Bank for \$3.0 million to fund the project. Per loan agreement, quarterly principal and interest payments have been regularly made; the loan principal balance as of September 30, 2013 is \$1.880 million. Other sources of funding include contributions from the General Fund and distributions received from the Infrastructure Sales Tax (Penny for Pinellas). The total cost of the new Community Center through September 30, 2013 is \$3.927 million.

Cash management policies and practices. Cash temporarily idle during the year was primarily invested in money market funds and certificates of deposit with SunTrust Bank and Bank United. The City has some investments remaining with SBA Fund B and regular distributions have been received during the fiscal year. Fund B is a fluctuating net asset value (NAV) pool and a provision for unrealized gain/ (loss) on Fund B has been recognized in the City's financial records. Additional information on the City of Belleair Beach, Florida's cash and investments can be found in Notes 4 through 6 in the financial statements.

Risk management. The City is insured through the Florida Municipal Insurance Trust program for general and professional liability, automobile, property and workers' compensation insurance. A workplace safety program is in place to provide for employee accident prevention training, thus minimizing accident-related losses as well as lowering premiums. Also, the Community Center is insured with Weston Insurance Company for windstorm insurance and with American Bankers Insurance for flood insurance. The City is insured with Fidelity National Insurance for flood insurance coverage on the 1001 Cedar Drive property that is presently used as the Public Works Department's storage and occasional work area.

Pension and other post-employment benefits. The defined benefit pension plan for the City's public safety (sworn police officers) employees was terminated and the Plan Trust funds and investments were authorized for distribution per Ordinance 07-08 of the City Council of the City of Belleair Beach. The City contracted law enforcement services with the Pinellas County Sheriff's Office in response to the referendum voted by City's electors to terminate the police department effective June 2007.

At the present time, the City of Belleair Beach, Florida provides a defined benefit retirement plan for regular employees that have been employed prior to 1997 through the Florida Retirement System (FRS). Contribution rates are set by the state and currently are 9.95% for regular employees, consisting of 6.95% as City contribution and 3.00% as employee contribution

The City of Belleair Beach, Florida also provides a defined contribution retirement plan for its non-public safety or general employees. This benefit is provided through the Florida League of Cities and administered by Florida Municipal Pension Trust Fund (FMPTF) as a 401(a) plan. The City contributes 10% of the employees' wages to the 401(a) plan. Each employee may also choose to make a deferred compensation deduction, which can be based on a percentage of salary or a flat dollar amount. For the city manager, the City contributes an additional amount up to 5% of the city manager's salary to the 457(b) plan and is included as additional compensation for the purposes of FICA. This deferred compensation plan is administered also by FMPTF as a 457 (b) plan.

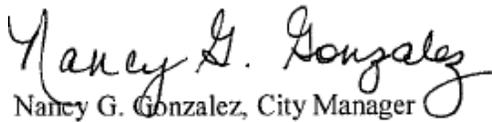

The City of Belleair Beach, Florida does not provide post-employment benefits for employees other than pension benefits. Post-employment health care benefits are made available through the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA).

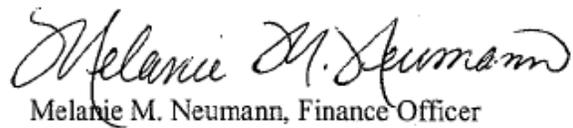

Additional information on the City of Belleair Beach, Florida's pension arrangements and post-employment benefits can be found in Notes 16 through 18 in the financial statements.

Acknowledgements

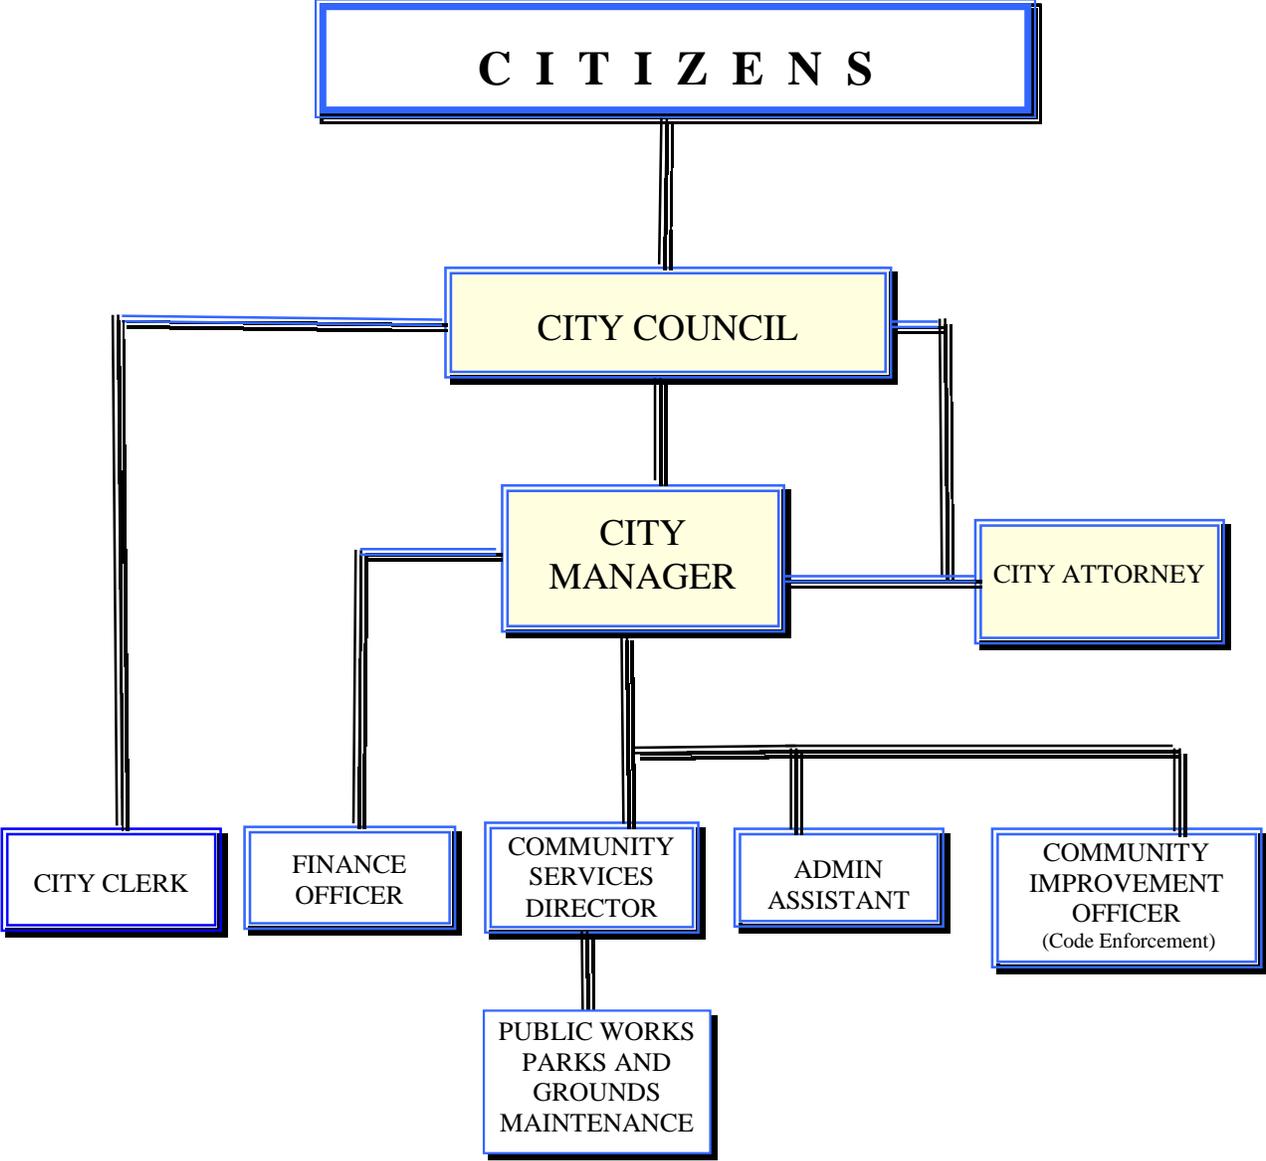

The preparation of this report would not have been possible without the efficient and dedicated services of the staff of the finance and administration departments. We would like to express our appreciation to all members of the departments who assisted and contributed to the preparation of this report. Credit also must be given to the mayor and the council-members for their support and for maintaining the highest standards of professionalism in the management of the City of Belleair Beach, Florida's finances.

Respectfully submitted,

Nancy G. Gonzalez, City Manager

Melanie M. Neumann, Finance Officer

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor
and City Council
City of Belleair Beach, Florida

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, the budgetary comparisons for the general fund, and the aggregate remaining fund information of City of Belleair Beach, Florida, as of and for the year ended September 30, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error, in making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion

The Honorable Mayor
and City Council
City of Belleair Beach, Florida

on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Belleair Beach, as of September 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 6-18 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statement, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The Honorable Mayor
and City Council
City of Belleair Beach, Florida

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Belleair Beach, Florida's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or any assurance on them.

Davidson, Jamieson & Crestine, P.L.

January 20, 2014

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Belleair Beach, we offer readers of the City of Belleair Beach's financial statements this narrative overview and analysis of the financial activities of the City of Belleair Beach for the fiscal year ended September 30, 2013. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages *v-ix* of this report.

FINANCIAL HIGHLIGHTS

- *The assets of the City of Belleair Beach exceeded its liabilities at the close of the most recent fiscal year by \$9,641,675 (*net position*). Of this amount \$4,786,988 (*unrestricted net position*) may be used to meet the government's ongoing obligations to citizens and creditors.
- *At September 30, 2013, the City's governmental activities net position reported an ending balance of \$9,410,208, an increase of \$225,714 or 2.4% in comparison with the prior year.
- *The business-type activities operating revenue slightly increased by \$453 or 1.008 % as compared with the prior year. This increase is primarily due to vacant boat slips, offset by \$3,463 in parking revenue at the marina. There was an increase in net assets by \$ 3,751 attributed to lower operating costs slightly offset by an increased contribution to the General Fund.
- *At September 30, 2013, the unassigned fund balance of the General Fund (not restricted, committed or assigned to any specific purpose) was \$3,203,575 or 213.59% of total General Fund expenditures of \$1,499,807.
- *Governmental fund revenues decreased by \$114,900 or 5.96 percent over the prior fiscal year. This is primarily due to a decrease in intergovernmental revenue by \$75,916 or 20.30% and a decrease in charges for services of \$39,444 or 9.67% due primarily to the increase in the rental registration fee.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City of Belleair Beach's basic financial statements. The City of Belleair Beach's basic financial statements comprise three components:

- 1) government-wide financial statements. 2) fund financial statements, and 3) notes to financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements*, which consist of the following two statements, are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the government's net assets changed during fiscal year 2013. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, highways and streets, sanitation, and culture and recreation. The business-type activities of the City are a Marina Slip rental operation where the fee for service typically covers all or most of the cost of operation including depreciation.

The government-wide financial statements includes the City itself (known as the primary government) and Marina Slip rental operation-although legally separated, functions for all practical purposes as a department of the City and therefore has been included as an integral part of the primary government.

The government-wide financial statements can be found on pages 19 – 21 of this report.

Fund financial statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Belleair Beach, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Belleair Beach can be divided into two categories: governmental funds and proprietary funds.

Governmental funds

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the governmental-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City of Belleair Beach maintains three individual funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues,

expenditures and changes in fund balances for the General Fund and Capital Projects Fund. The General Fund and the Marina Enterprise Funds are considered major funds.

The City of Belleair Beach adopts an annual budget for all major funds. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 22-26 of this report.

Proprietary funds

The City of Belleair Beach maintains one proprietary fund. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The city uses enterprise funds to account for its Marina Fund.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Marina Fund, which is considered to be a major fund of the City of Belleair Beach. The basic proprietary fund financial statements can be found on pages 27-31 of this report.

Notes to financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 32-66 of this report.

Other Information

The individual fund statements and schedules referred to earlier are presented immediately following the Notes to Financial Statements. These individual fund statements and schedules can be found on pages 67-71 of this report.

Infrastructure Assets

Due to the small size of the city and infrastructure assets valued less than \$10 million the City has elected to only record and depreciate infrastructure going forward. Historically, a government's largest group of assets (infrastructure – roads, bridges, sidewalks, curbs, underground pipes, unless associated with a utility, etc.) have not been reported or depreciated in the City's financial statements. The statements require that these assets be valued and recorded within the governmental columns of the government-wide statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets exceeded liabilities by \$9,641,675 at the close of fiscal year ended September 30, 2013. The following table reflects the condensed Statement of Net Position compared to prior fiscal year.

**Statement of Net Position
As of September 30**

	<u>Governmental</u>		<u>Business-type</u>		<u>Total</u>	
	<u>Activities</u>		<u>Activities</u>		<u>Primary Government</u>

*For more detailed information see Statement of Net Position on page 19.

At September 30, 2013, a considerable portion of the City's net position is invested in capital assets (e.g., land, buildings, equipment and marina docks) at 57.8 per cent of total assets. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported at net of related outstanding debt used to acquire those capital assets, (for example, the Community Center loan) it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. A large part of the City's assets at 40.7 percent reflects its investment in cash, cash equivalents and other investments. This is affected by the implementation of the City's investment policy that has emphasis on first: safety of principal, second: liquidity or readily available for conversion into cash in order to finance the City's operating cash flow requirements, and the third criteria: yield or earnings.

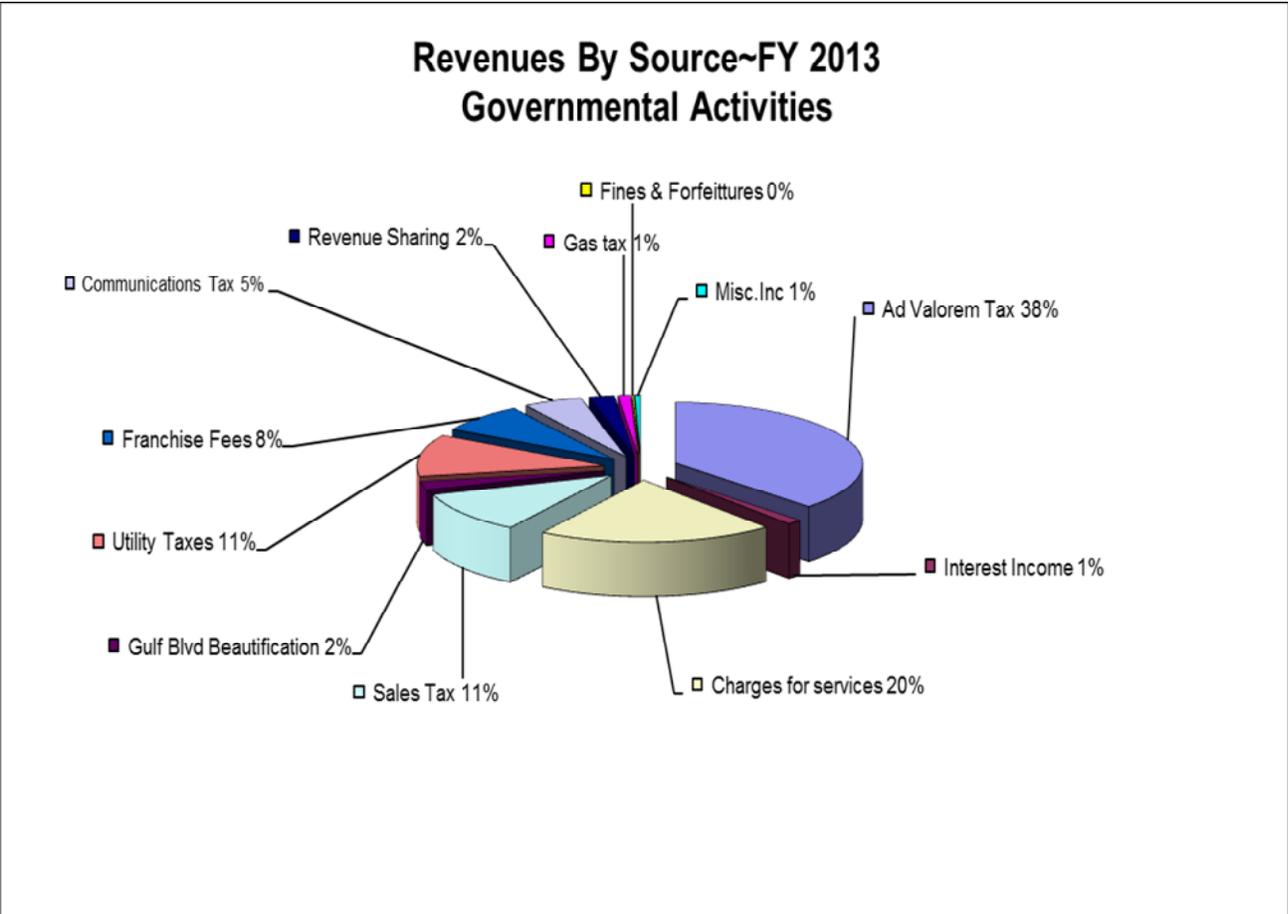

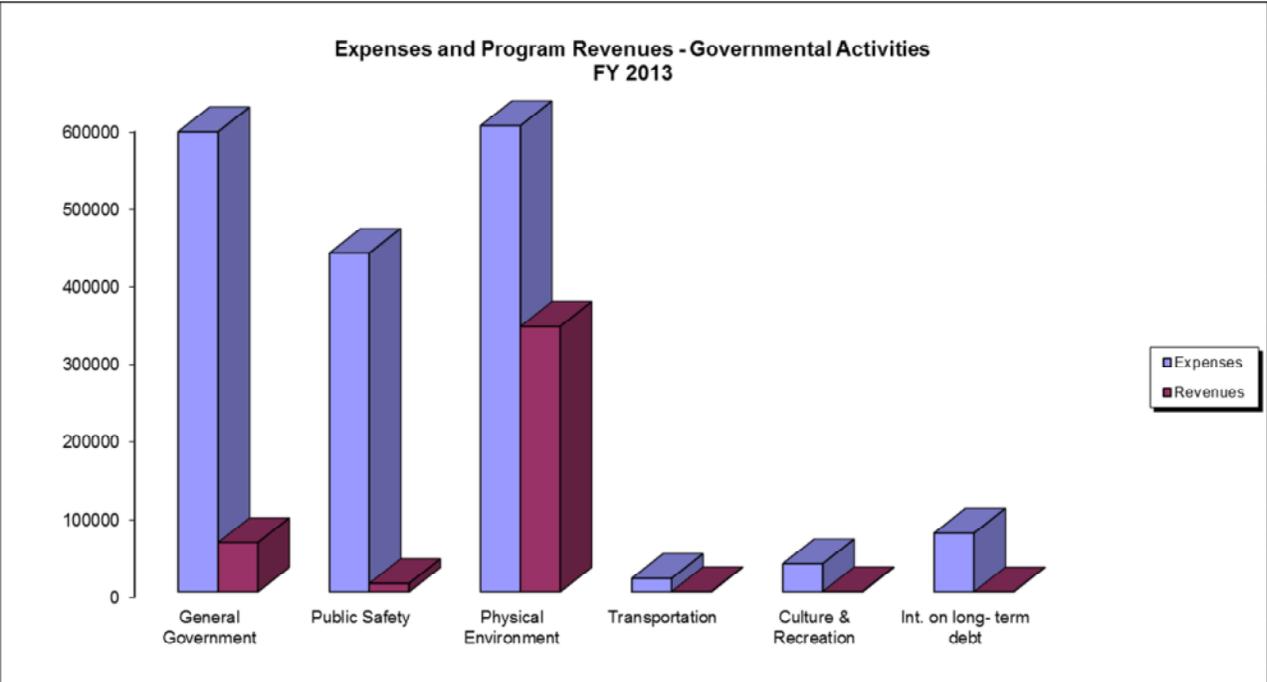

As of September 30, 2013 there are no significant external restrictions on how the City's resources may be used. The balance of unrestricted net assets of \$4,786,988 or 49.6 percent of total net position may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net assets for the government as a whole, as well as for its separate governmental and business-type activities. The same situation held true for the prior fiscal year.

Statement of Activities

The following schedule compares the revenues and expenses for the current and previous fiscal year.

	For the Year Ended September 30					
	Governmental Activities		Business Type Activities		Total Primary Government	
	2013	2012	2013	2012	2013	2012
Revenues						
Program revenues:

Changes in net position	225,714	165,787	3,751	1,729	229,465	167,516
Net position - 9/30/12	9,184,494	9,018,707	227,716	225,987	9,412,210	9,244,694
Net position- 9/30/13	\$9,410,208	\$ 9,184,494	\$231,467	\$ 227,716	\$9,641,675	\$9,412,210

Governmental Activities

Governmental Activities increased the City's net assets by \$225,714 compared with prior year's increase of \$165,787. This fiscal year's increase accounts for 2.399 percent of the total net governmental position at year end of \$9,410,208. Although Total Revenues are up primarily due to Ad Valorem Revenues, this rate of increase is lower than last fiscal year's increase due to an increase in Total Expenditures of \$53,150.

Business-type Activities

Business-type activities increased the City's net assets by \$3,751 compared to the prior year's increase of \$1,729. Key elements of this increase of \$3,751 are as follows:

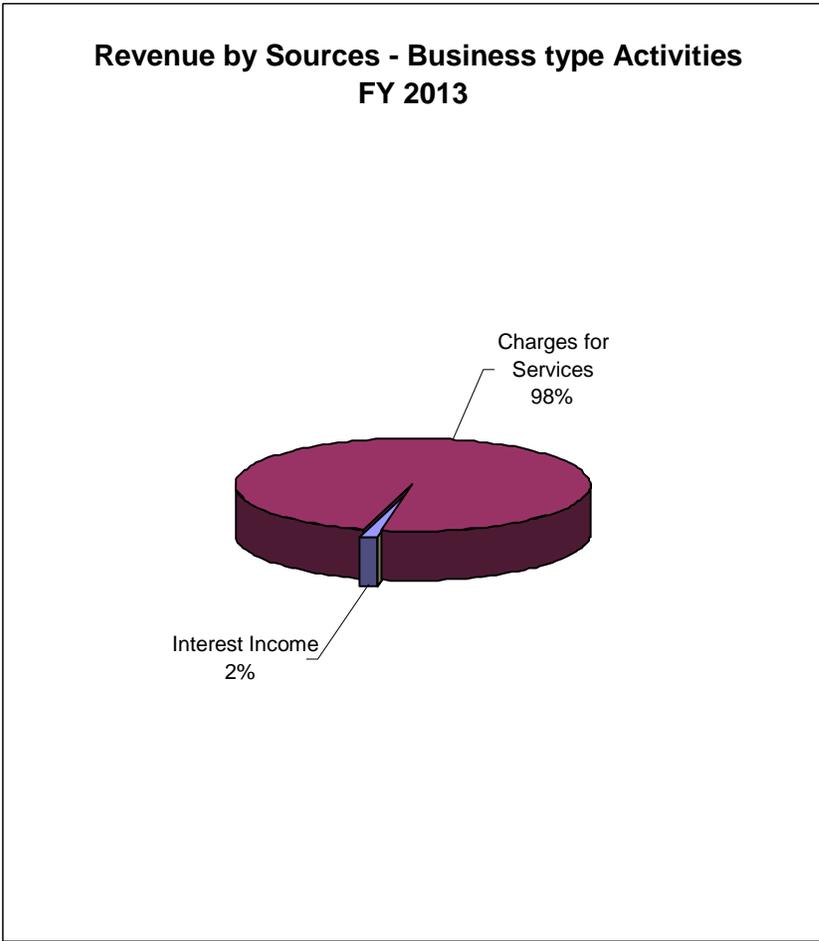

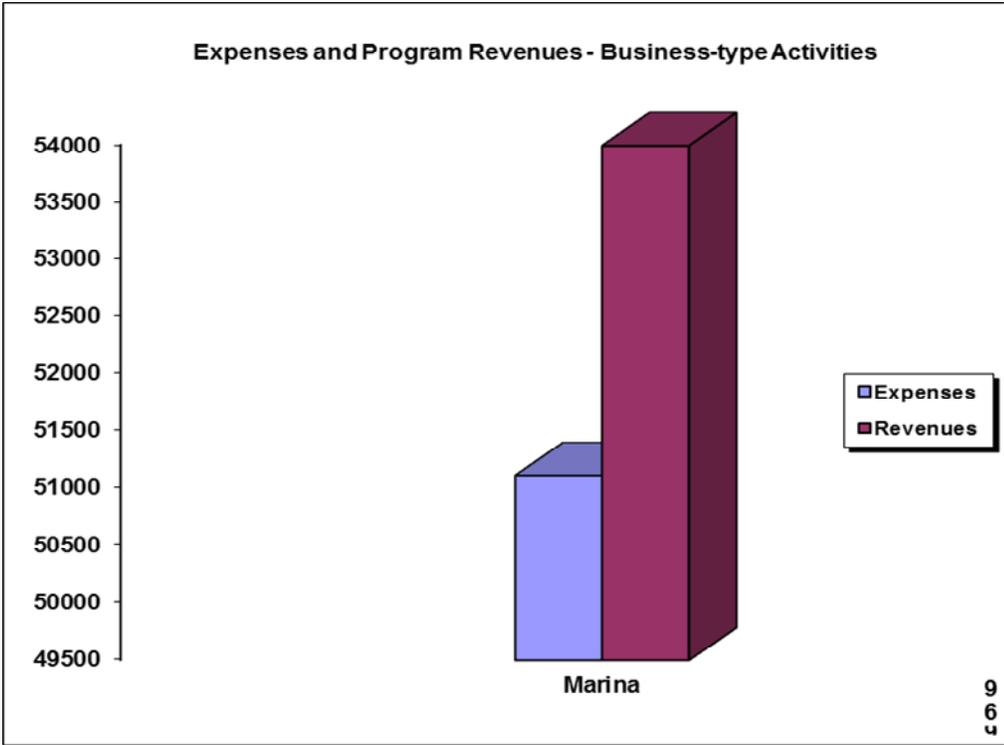

- The City-owned Marina generated a net operating income of \$2,882 as compared to prior year's net operating income of \$775. This is due to reduced expenditures this year. In 2011-2012 there were expenses for a feasibility study to have the docks rebuilt. During the fiscal year 2012-2013 the Marina Fund transferred \$27,160 to the general fund, in year 2011-2012 \$21,985 was transferred the general fund to cover the costs of managing and operating the Marina. Planned capital improvement projects were delayed to fiscal year 2013-2014.

Financial Analysis of the City's Funds

As noted earlier, the City of Belleair Beach uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the city's *governmental fund* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

Governmental funds (cont'd.)

As of the end of fiscal year 2013, the city's governmental funds reported combined ending fund balances of \$4,691,483 an increase of \$224,969 in comparison with the prior year. There was an increase in total revenue by 2.76 percent as compared with the previous year due to increased revenue generated in the following areas: Ad Valorem taxes, attributed to a slight increase in taxable values; Charges for Services increased due to higher Rental Registration Fees. These were offset by lower Franchise Fees and Utility Taxes.

Expenditures, including capital improvements and principal and interest payments on the Community Center loan, decreased by \$44,544, or .975 per cent. This is primarily due to the General Fund Expenditures, a \$10,353 reduction in finance for the payout of accrued benefits to the prior finance officer that retired in 2012. The contract for law enforcement was reduced by more than \$8,000 and IT has no major expenditures. The Capital Projects Fund had an interest expenditure reduction of \$5,952.

General Fund

The General Fund is the chief operating fund of the City. At the end of September 30, 2013, the unassigned fund balance of the General Fund, which has not been restricted, committed or assigned to specific purposes, was \$3,203,575. This is available for spending at the city's discretion.

The remainder of the general fund balance of \$847,762 is not available for new spending and has been classified as: 1) Non spendable (cannot be converted into cash) for prepaid items \$7,762, and 2) Committed (per Resolution approved by City Council for catastrophic events) for \$840,000. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. The unassigned fund balance represents 213.59 percent of total general fund expenditures, while total fund balance represents 270.12 percent of that same amount.

Capital Projects Fund CPF)

The capital projects fund is used to account for the acquisition or construction of major capital facilities other than those financed by proprietary funds. This is also used for non recurring capital expenditures with an estimated useful life of at least ten years and/or a minimum cost of \$25,000 in order to avoid distortion of financial trend information in the other funds.

At the end of September 30, 2013, the unassigned fund balance of the CPF, which has not been restricted, committed or assigned to specific purposes, was \$640,146. This is available for spending for capital outlays that meet the above- mentioned criteria of minimum cost and estimated useful life.

Community Center construction was completed in November 2009 at a cost of \$3.927 million. Funding sources consisted of a \$3 million bank loan, infrastructure sales tax (Penny for Pinellas) and contributions from the General Fund. The loan principal balance as of September 30, 2013 was \$1.96 million.

As a measure of the capital projects fund’s liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. For the fiscal year ending September 30, 2013, unassigned fund balance of \$640,146 represents 249.33 percent of total Capital Projects Fund expenditures of \$256,745. The capital projects fund expenditures include principal and interest payment on the Community Center loan. On the revenue side, the Community Center has generated rental from weddings, parties, banquet furniture, and exercise/fitness classes for a total amount of \$34,813. Infrastructure Sales Tax was collected in the amount of \$130,444.

Proprietary funds

The city’s *proprietary funds* provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of proprietary funds at the end of the year in comparison to prior year amounted to:

<u>FUNDS</u>	<u>2013</u>	<u>2012</u>
Marina	<u>196,277</u>	<u>183,022</u>
Totals	<u>\$ 196,277</u>	<u>\$ 183,022</u>

Other factors concerning the finances of these funds have been addressed in the discussion of the City’s business-type activities.

GENERAL FUND BUDGETARY HIGHLIGHTS

During the fiscal year ended September 30, 2013 the significant variances between the final amended budget and the actual results are shown below:

- Revenues are higher than budgeted amount by 53,921 primarily due to: slightly higher ad valorem taxes due to payments of prior years and fines, higher than budgeted collections for parking fee for Morgan Park and rental registration fees; and lower utility tax collections and franchise fees are attributed to decreased usage.
- Expenditures are lower than budgeted amount by 98,565 due to lower expenditures in the areas of Public Works, Library and Parks and Recreation and General Government.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The City's investment in capital assets for its governmental and business-type activities as of September 30, 2013 amounts to \$6,814,687 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements other than building, equipment, marina docks and security fence and infrastructures. The decrease in the City's capital assets for the current fiscal year was \$156,170 or 2.25 percent for governmental activities and a decrease of \$9,454 or 26.82 percent for the business-type activities. The decrease includes current year's depreciation.

The increase/(decrease) in capital assets net of depreciation during the current fiscal year for governmental activities included the following:

- Buildings decreased by \$(89,819) due to full year depreciation provision for the new Community Center and other equipment.
- Improvements Other than Buildings- decrease of \$(25,904) primarily due to depreciation partially offset by additions to the values of 16th St Dock and 22nd Street Bridge.
- Parks & Recreation decreased by \$(16,273) due to full year depreciation partially offset by additions to Bayside Park of signs, playground equipment and new pilings and ramp as well as additions to Crossman Park of a park sign.
- Legislative- decrease of \$(10,867) due to full year's depreciation of audio/ visual system for the Community Center and channel system and microphones for City Council meetings
- Public Works – decreased by \$(7,217)
- Information Technology – decrease of \$(2,577) for depreciation of equipment.

City of Belleair Beach, Florida Capital Assets (net of depreciation)

	<u>Governmental Activities</u>	<u>Business-type Activities</u>	<u>Total</u>
Land	\$1,426,738	\$ -	\$1,426,738
Buildings	3,733,529	-	3,733,529

Equipment	<u>35,607</u>	<u>-</u>	<u>35,607</u>
Totals	<u>\$6,779,447</u>	<u>\$ 35,240</u>	<u>\$6,814,687</u>

Additional information on the City's capital assets can be found on pages 50 - 52 of this report.

Long-term Debt

At the end of fiscal year 2013, the City has a total outstanding loan payable of \$1,960,000. Quarterly principal payments on the original amount of \$3.0 million have been made starting in October 2006. The proceeds of this loan were used to fund land acquisition, construction and furnishings of the new Community Center. The full balance of the loan is currently in the General Long-Term Debt Account Group. The loan interest rate is fixed at 3.72 percent annually and is payable quarterly effective October 2006 per the SunTrust Bank Amortization Schedule.

Additional information on the City's long-term debt activity can be found in Note 10 on pages 53-54 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

- * The unemployment rate for the County at September 30, 2013 was 6.7 percent, which was lower than the 2012 rate of 8.50 percent.
- * Inflationary trends in the region compare favorably to the national trends.
- * The City of Belleair Beach is entirely a residential community. During the current fiscal year, property values increased by 5.94 percent as compared with a 2.33 percent decrease in the prior year.
- * Amendment I, approved by voters in January 2008 had a negative impact on Ad Valorem Tax revenues. Amendment I created an additional Homestead tax exemption of \$25,000 doubling regular homestead tax exemption to \$50,000, allowed "portability of save our homes cap" and eliminated some tangible personal property from the tax rolls.
- * The Property Tax Reform House Bill 1B passed by the Florida Legislature in June 2007 mandated a 9 percent Property Tax cut for the City of Belleair Beach.
- * All of the above-mentioned factors were considered in preparing the City of Belleair Beach's budget for the 2013-2014 fiscal year.
- * The employees received a 3.0% merit increase in salaries and wages for the new Fiscal Year 2013-2014 with no cost of living allowance (COLA), as compared with the prior year when the employees received a 2% a merit increase and there was no COLA either.
 - As of the fiscal year ended September 30, 2013, unassigned fund balance in the General Fund, which has not been restricted, committed or assigned to specific purposes was \$3,203,575.

REQUEST FOR INFORMATION

This financial report is designed to present users with a general overview of the City's finances to all those interested in the government's finances. Questions concerning any of the information provided in this report or request for additional financial information should be addressed to the City's Finance Officer at 444 Causeway Blvd., Belleair Beach, Florida 33786 or email: financeofficer@cityofbelleairbeach.com.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
GOVERNMENTAL FUNDS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2013

Net change in fund balances - total governmental funds	\$	224,969
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives.		
Expenditures for capital assets	\$	43,883
Less current year depreciation		<u>(200,053)</u>
		(156,170)
Loan proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of loan and capital lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.		
Principal payments		160,000
Change in accrued interest		1,203
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
Other post-employment benefit costs		(720)
Change in long-term compensated absences		<u>(3,568)</u>
		<u>(4,288)</u>
Change in net position of governmental activities	\$	<u><u>225,714</u></u>

See Notes to Financial Statements.

NOTES TO
FINANCIAL STATEMENTS

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

1. Summary of Significant Accounting Policies

The City of Belleair Beach (City) maintains its accounting records in accordance with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below:

Reporting Entity - The City is a political subdivision of the State of Florida, located in Pinellas County in the west central portion of the State. The City was incorporated in 1950. The original Charter was revised in 1959. This revised Charter was recorded on May 18, 1959 in the Municipal Charter Book IV. The Charter was revised in 1968 and again in 2004. The amended Charter (effective as of March 10, 2004) adopted the council-manager form of government. The City is approximately .484 square miles in area. The City is a full service municipality providing its citizens with a full complement of municipal services. In addition, the City owns and operates an enterprise activity for the marina.

In evaluating how to define the City of Belleair Beach, Florida (the primary government), for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GASB Statement No. 14.

This governmental accounting standard requires that this financial statement present the City of Belleair Beach (the primary government) and its component unit. Component units generally are legally separate entities for which a primary government is financially accountable. Financial accountability ordinarily involves meeting both of the following criteria: the primary government is accountable for the potential component unit (i.e., the primary government appoints the voting majority of its board) and the primary government is able to impose its will upon the potential component unit, or there is a possibility that the potential component unit may provide specific financial benefits or impose specific financial burdens on the primary government.

The City has no component units as of September 30, 2013.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

1. Summary of Significant Accounting Policies (Continued)

Government-Wide and Fund Financial Statements - The City has adopted the provisions of GASB Statement No. 34, "Basic Financial Statements and Management Discussion and Analysis for State and Local Governments." The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary fund. Major individual governmental funds and the individual enterprise fund are reported as separate columns in the fund financial statements.

Since the governmental fund financial statements are presented on a different measurement focus and basis of accounting than the government-wide statements' governmental activities column, a reconciliation is presented on the same page or the page following each statement, which briefly explains the adjustments necessary to reconcile the fund based financial statements to the governmental activities column of the government-wide presentation.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation - The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

1. Summary of Significant Accounting Policies (Continued)

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Capital Projects Fund* which is a governmental fund that accumulates resources for the construction of capital projects.

The *Marina Fund* accounts for the assets, operations and maintenance of the City-owned marina.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's water and sewer function and various other functions of the government. Elimination of these charges would distort the direct cost and program revenues reported for the various functions concerned.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

1. Summary of Significant Accounting Policies (Continued)

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary funds' principal ongoing operations. The principal operating revenues of the Sewer Enterprise Fund and of the Marina Enterprise Fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Assets, Liabilities, and Net Position or Equity:

Deposits and investments - The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of twelve months or less from the date of acquisition.

The City's investment policy is to maintain funds in investments which yield the highest possible efficiency and return within the limitations established by Florida Statutes, Chapter 166.261. Provisions of those statutes authorize the City to invest in:

- a) Florida State Board of Administration Local Government Pooled Investment Fund.
- b) Bonds, notes or other obligations of the United States or for which the credit of the United States is pledged for the payment thereof.
- c) Interest-bearing time deposits, savings accounts or collective investment funds in banks or savings and loan associations organized under the laws of the United States.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

1. Summary of Significant Accounting Policies (Continued)

- d) Obligations of the federal farm credit banks and the Federal Home Loan Mortgage Corporation.
- e) Obligations of the Federal National Mortgage Association and the Government National Mortgage Association.

Investments in fixed income securities are stated at fair value. Fair value is the amount at which an investment could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The Florida State Board of Administration Local Government Pooled Investment Fund has met the criteria to be considered a “2A-7 like” Investment Fund as defined by GASB Statement No. 31. Therefore, amortized cost may be used for valuation. The fair value of the City’s investment in this pool is determined by the pool’s share price (account balance).

Investments held by the City’s pension trust funds are reported at fair value. Short-term investments are reported at amortized cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have an established market are reported at estimated fair values.

Receivables and payables - Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

All tax, accounts and intergovernmental receivables are shown net of an allowance for uncollectibles. Trade accounts receivables in excess of 180 days compromise the trade accounts receivable allowance for uncollectible including those for the Marina Enterprise Fund.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

1. Summary of Significant Accounting Policies (Continued)

Property Taxes - Under Florida law, the assessment of all properties and the collection of all county, municipal and school board property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector.

The tax levy of the City is established by the City Council prior to October 1 of each year and the Pinellas County Property Appraiser incorporates the City's millages into the total tax levy, which includes the Pinellas County School Board tax requirements. The City is permitted by state law to levy taxes up to ten mills of assessed valuation, exclusive of taxes levied for the payment of bonds. The 2013 millage rate assessed by the City was 2.0394.

All property is reassessed according to its fair market value January 1 of each year. Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of State statutes.

All taxes are due and payable on November 1 of each year or as soon thereafter as the assessment roll is certified and delivered to the Tax Collector. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January and 1% in the month of February. The taxes paid in March are without discount.

Delinquent taxes on real property bear interest at 18% per year. On or prior to June 1 following the tax year, certificates are sold for all delinquent taxes on property. After sale, tax certificates bear interest at 18% per year or at any lower rate bid by the buyer. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years.

Delinquent taxes on personal property bear interest at 18% per year until the tax is satisfied either by seizure and sale of the property or by the five-year statute of limitations.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

1. Summary of Significant Accounting Policies (Continued)

Because of the Pinellas County Tax Collector's Office efficient system for selling tax certificates and remitting the proceeds to the City any delinquent or uncollected property taxes at year end are immaterial. The City's tax calendar is as follows:

Valuation Date:	January 1
Levy Date:	November 1
Due Date:	March 31, succeeding year
Lien Date:	April 1, succeeding year

Capital Assets - Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred, if any, during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

1. Summary of Significant Accounting Policies (Continued)

Property, plant, and equipment of the primary government, as well as the component units, is depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	45-55
Building improvements	20-30
Public domain infrastructure	45-55
Machinery and equipment	5-15

Long-term obligations - In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets.

Compensated Absences - It is the City's policy to permit employees to accumulate earned but unused annual leave and sick pay benefits. Regular, full-time, and permanent part-time employees earn annual leave and sick leave after three months of employment. Part-time regular employees earn annual and sick leave on a proportionate basis in relation to that earned by full-time regular employees.

Annual leave is earned based on years of continuous and credible service as follows:

<u>Total Years of Service</u>	<u>Days Per Year</u>
1	5
2 to 4	10
5 to 15	15
15 years and over	20

A maximum amount of annual leave an employee may have to their credit at any time is forty days.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

1. Summary of Significant Accounting Policies (Continued)

An employee who has served six months or more and who terminates employment with the City is paid for any unused annual leave accumulated to the time of termination up to the maximum. This is provided that a two week written notice is given.

Sick leave for regular full-time employees is earned at the rate of eight hours for each month of service (at the completion of three months of continuous service) and may be accrued with no maximum. Upon termination, the employee is entitled to a lump-sum payment for accrued unused sick leave (up to a maximum of 720 hours).

Upon termination, providing that the employee has given the department head no less than two weeks prior written notice, the following amount of sick pay leave will be received:

<u>Years of Service</u>	<u>% of Accrued Hours (With Maximum of 720 Hours)</u>
Less than 10 years	25%
10 years or more	100%

Vested or accumulated annual leave and sick leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. No expenditure is reported for these amounts. Vested or accumulated annual leave and sick leave of the proprietary fund is recorded as an expense and liability of those funds as the benefits accrue to employees.

All annual leave and sick pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

1. Summary of Significant Accounting Policies (Continued)

Deferred Outflows of Resources/Deferred Inflows of Resources -Government Accounting Standards Board (GASB) Concept Statement No. 4, “Elements of Financial Statements”, introduced two new elements of the financial statements in addition to Assets, Liabilities and Net Assets (changed to Net Position) which are:

Deferred Outflows of Resources is a consumption of net assets by the government that is applicable to a future reporting period.

Deferred Inflows of Resources is an acquisition of net assets by the government that is applicable to a future reporting period.

Government Accounting Standards Board (GASB) Statement No. 63, “Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position” provide financial reporting guidance for Deferred Outflows of Resources and Deferred Inflows of Resources and also identifies Net Position (replacing Net Assets) as the residual of all the elements (Assets, Deferred Outflows of Resources, Liabilities and Deferred Inflow of Resources) presented in a statement of financial position.

Government Accounting Standards Board (GASB) Statement No. 65, “Items Previously Reported as Assets and Liabilities” establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflow of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

In implementing GASB Statement No. 65, the City established that Local Rental Registrations and Community Center Rentals that were all billed in fiscal year 2013, but are revenues of the subsequent year fiscal year 2014, are to be classified as Deferred Inflows of Resources.

Net Position:

The government-wide and business-type fund financial statements utilize a net position presentation. Net position is presented in three components - net investment in capital assets, restricted and unrestricted.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

1. **Summary of Significant Accounting Policies (Continued)**

Net Position (Continued)

Net Investment in Capital Assets - This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other borrowings attributable to the acquisition, construction, or improvement of those assets. This component does not include the portion of debt attributable to the unspent proceeds.

Restricted - This component consists of net position that have constraints placed on them either externally by third-parties (creditors, grantors, contributors, or law or regulations of other governments) or by law through constitutional provisions or enabling legislation.

Unrestricted - This component consists of net position that does not meet the definition of “net investment in capital assets” and “restricted”.

When both restricted and unrestricted resources are available for use, it is the City’s policy to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance:

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components - nonspendable, restricted, committed, assigned and unassigned.

Subsequent Events - Management has adopted the provisions set forth in GASB Statement Number 56, *Subsequent Events*, and considered subsequent events through the date of the audit report.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

2. Reconciliation of Government-wide and Fund Financial Statements

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The governmental fund balance sheet includes a reconciliation between *fund balance - total governmental funds and net position - governmental activities* as reported in the government-wide statement of net assets. The detail of this \$4,718,725 difference is as follows:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds.		
Governmental capital assets	\$ 8,121,334	
Less accumulated depreciation	<u>(1,341,887)</u>	
		6,779,447
Long-term liabilities are not due and payable in the current period therefore are not reported in the governmental funds.		
Revenue note payable	1,960,000	
Accrued interest payable	17,418	
Other postemployment benefits payable	2,701	
Compensated absences	<u>80,603</u>	
		<u>(2,060,722)</u>
Net adjustment to increase <i>fund balance - total Governmental funds</i> to arrive at <i>net position - Governmental activities</i>		<u>\$ 4,718,725</u>

2. Reconciliation of Government-wide and Fund Financial Statements (Continued)

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities.

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances - total governmental funds and changes in net assets of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expenses.” The details of this \$745 difference are as follows:

Capital outlay	\$ 43,883	
Depreciation expense	<u>(200,053)</u>	(156,170)
 Loan proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of loan principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. This is the amount of the repayments for the fiscal year.		
Principal payments		160,000
Change in accrued interest		1,203
 Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
Other post-employment benefit costs	(720)	
Change in long-term compensated absences	<u>(3,568)</u>	(4,288)
 Net adjustment to increase <i>net changes in fund balances - total governmental funds</i> to arrive at changes in net assets of governmental activities		
		<u>\$ 745</u>

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

3. Stewardship, Compliance, and Accountability

Budget Information - Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund and the enterprise fund and are controlled on a fund and department level. On or before May 31 of each year, all departments of the City submit requests for appropriation to the Finance Officer so that a budget may be prepared. The budget is prepared by fund, function and activity, and includes information on the past year, current year estimates and requested appropriations for the next fiscal year. All annual appropriations lapse at fiscal year end.

The proposed budget is presented by the City Manager to the City Council for review in July. The City Council holds public hearings and may add to, subtract from, or change appropriations, but may not change the form of the budget. Any changes in the budget must be within the revenues and reserves estimated as available by the Finance Officer or the revenue estimates must be changed by an affirmative vote of a majority of the City Council.

Expenditures may not legally exceed budgeted appropriations at the departmental level. During the year there were no supplementary appropriations.

Encumbrances accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year.

Establishment/Elimination of Funds - No funds were established or eliminated during the fiscal year ended September 30, 2013.

4. Cash and Cash Equivalents

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of twelve months or less from the date of acquisition.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

5. Deposits

At year-end the carrying amount of the City's deposits was \$4,761,525 and the bank balance was \$4,771,301. The bank balance was covered by federal depository insurance and, for the amount in excess of such federal depository insurance, by the State of Florida's Security for Public Deposits Act. Provisions of the Act require that public deposits may only be made at qualified public depositories. The Act requires each qualified public depository to deposit with the State Treasurer eligible collateral equal to or in excess of the required collateral as determined by the provisions of the Act. In the event of a failure by a qualified public depository, losses in excess of federal depository insurance and proceeds from the sale of the securities pledged by the defaulting depository, are assessed against the other qualified public depositories of the same type as the depository in default.

6. Investments

	<u>Fair Value</u>	<u>Bond Rating</u>	<u>Weighted Average Duration (Years)</u>
Florida State Board of Administration Local Government Pooled Investment Fund (SBA)	\$ <u>40,290</u>	Not Rated	N/A
Total investments	\$ <u><u>40,290</u></u>		

Investments that are not evidenced by securities that exist in physical or book-entry form include investments in open-ended mutual funds and pools managed by other governments.

Interest Rate Risk - The City manages its exposure to fair value losses arising from increasing interest rates through its adopted investment policies. The City limits the effective duration of its investment portfolio through the adoption of nationally recognized risk measure bench marks such as the Lehman Brothers Aggregate Bond Index.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

6. Investments (Continued)

The City has adopted a written investment policy in accordance with Florida Statute 218(16). That statute is intended to minimize interest rate and credit risk by directing the City to invest only in authorized investments summarized as follows:

- (a) The Local Government Surplus Funds Trust Fund or any Intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act as provided in s. 163.01.
- (b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency.
- (f) Interest-bearing time deposits or savings accounts in qualified public depositories as defined in s. 280.02.
- (g) Direct obligations of the United States Treasury.
- (h) Federal agencies and instrumentalities.
- (i) Securities of, or other interests in, any open-end or closed-end management-type investment company or investment trust registered under the Investment Company Act of 1940, 15 U.S.C. ss. 80a-1 et seq., as amended from time to time, provided that the portfolio of such investment company or investment trust is limited to obligations of the United States Government or any agency or instrumentality thereof and to repurchase agreements fully collateralized by such United States Government obligations, and provided that such investment company or investment trust takes delivery of such collateral either directly or through an authorized custodian.

Credit Risk - Consistent with chapter 218 of the Florida Statutes the City's investment guidelines limit its fixed income investments to a quality rating of 'A' or equivalent as rated by one or more recognized bond rating service at the time of purchase. Fixed income investments which are downgraded to 'BAA' or equivalent must be liquidated within a reasonable period of time not to exceed twelve months. Fixed income investments which are downgraded below 'BAA' shall be liquidated immediately.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

6. Investments (Continued)

The State Board of Administration (Board) was established on June 21, 1928, pursuant to Chapter 14486, 1929, laws of Florida. The Board was subsequently created as a constitutional body corporate on January 1, 1943, under the provisions of Senate Joint Resolution No. 324, 1941; approved by the electorate in November 1942. The Board is composed of the Governor, as Chairman, the State Treasurer, as Treasurer, and the State Comptroller, as Secretary, and provides the following services by law: (1) investment of funds of the Florida Retirement System (FRS); (2) administration of debt service funds; (3) investment of trust and agency funds; and (4) distribution of the "Second Gas Tax."

The Local Government Pooled Investment Fund is governed by Ch. 19-7 of the Florida Administrative Code, which identifies the Rules of the State Board of Administration. These rules provide guidance and establish the general operating procedures for the administration of the Local Government Pooled Investment Fund. Additionally, the office of the Auditor General performs the operational audit of the activities and investments of the State Board of Administration.

Since the Florida State Board of Administration (SBA) Local Government Pooled Investment Fund (Fund) typically owns a substantial amount of treasury bills and notes, the Fund has utilized security lending programs to generate supplemental income. This income is used to pay a significant portion of the fees associated with the Fund which otherwise would have to be paid from regular Fund earnings. Any residual is used to build the Fund's reserve on behalf of participants. Both of these goals have been accomplished without impacting the regular earnings in the Fund with no change in the Fund's investment strategy. The investment in the Florida SBA pool is carried at the pool's share price at September 30, 2013.

Subsequent to the fiscal year ended September 30, 2008, in an effort to strengthen the fund's liquidity, the fund continued to use the two structures as follows:

Fund A contained all money-market appropriate assets and

Fund B consisted of assets in default, impaired or held significant credit risk.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

6. Investments (Continued)

The SBA Board adopted the following operating policy:

1. Shareholders were allowed to redeem (with no fees) from Fund A, the greater of
 - a) up to 37% of their holdings or
 - b) \$4 million
2. Establish a public-private partnership to allow shareholders to borrow cash against their shares.
3. Shareholders that need additional funds and were not able to make use of the credit facility may redeem Fund A shares subject to redemption fees.
4. Fund B shares are not liquid nor are they tradeable.

The SBA Board expects all of the Fund B securities will eventually be paid in full.

7. Receivables

Receivables at September 30, 2013, consist of the following:

	<u>General Fund</u>	<u>Capital Projects Fund</u>	<u>Total</u>
Receivables:			
Taxes	\$ 37,499	\$ -	\$ 37,499

9. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and distribution of assets; errors and omissions; injuries to employees; and natural disasters.

The City continues to carry commercial insurance for risks of loss including health, life, building and contents, employee bonds, mobile property, flood, windstorm and employee accident insurance. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. The City has not had any significant coverage reductions under these policies from the prior years.

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

10. Long-Term Debt

Changes in long-term liabilities

Long-term liability activity for the fiscal year ended September 30, 2013 was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental activities:					
Compensated absences	\$ 77,035	\$ 42,936	\$ 39,368	\$ 80,603	\$ 8,060
Revenue note	2,120,000	-	160,000	1,960,000	160,000
Other post-employment benefits (OPEB)	<u>1,981</u>	<u>720</u>	<u>-</u>	<u>2,701</u>	<u>-</u>
Governmental activity long-term liabilities	<u>\$ 2,199,016</u>	<u>\$ 43,656</u>	<u>\$ 199,368</u>	<u>\$ 2,043,304</u>	<u>\$ 168,060</u>

Compensated absences are generally liquidated by the General Fund from Governmental Activities.

Revenue Note

On October 3, 2005, the City Council adopted Resolution 2005-24 to approve a loan agreement with SunTrust Bank providing for a \$3,000,000 loan to finance the construction of a new City Hall.

Pledged revenue for this loan is all nonadvalorem revenue for the General Fund and the Capital Projects Fund.

SunTrust Loan Agreement:

Term: October 4, 2005 through October 4, 2025

Amount borrowed: \$3,000,000

Principal payments: \$40,000 quarterly

Interest rate: 3.72%

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

2024-2026	<u>360,000</u>	<u>16,972</u>
	<u>\$ 1,960,000</u>	<u>\$ 462,030</u>

Revenue note balance as of September 30, 2013 was \$1,960,000.

11. Intra-Governmental Charges

The costs of certain general and administrative functions of the City are recorded and controlled in the General Fund. These administrative costs have been allocated to the City's Marina Fund for the year ended September 30, 2013, as shown in the following table:

<u>Enterprise Fund</u>	<u>Administrative Costs Allocated</u>
Marina	\$ <u>27,160</u>

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

12. Fund Balance/Net Position Policy

Restricted

Restricted represents the amount that can be spent only for specific purposes stipulated by (a) external resource providers such as creditors (by debt covenants), service/contractual agreement, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation. This may be budgeted and reported in either the General Fund or the Capital Projects Fund. Reserved fund balances indicate those portions of fund balances that are legally segregated for a specific use or not available for appropriation or expenditure.

Committed

Commitment may be made for such purposes as, (a) major maintenance and repair projects; (b) meeting future obligations resulting from a natural disaster; (c) accumulating resources pursuant to stabilization arrangements; (d) establishing reserves for disasters; and/or (e) for setting aside amounts for specific projects.

As of August 31, 2011, there is a committed fund balance in the General Fund, per Resolution 2008-04 approved by City Council to cover emergency purchases arising from catastrophic events such as hurricanes and other destructive natural disaster.

Assigned

Assigned may or may not be appropriated for expenditures during the budget process and in the subsequent year depending on the timing of the project/reserve for which it was assigned. This reflects management's (City Manager, Committee or Department Head) intended use of resources and does not need further action by City Council.

Non-Spendable

Non-spendable is established to report items that are not expected to be converted to cash such as inventory and prepaid items; items not currently in cash form such as the long-term amount of loans and notes receivable as well as property acquired for resale; and items legally or contractually required to be maintained intact such as the corpus (or principal) of a permanent fund.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

12. Fund Balance/Net Position Policy (Continued):

Minimum Level of Unassigned Fund Balance

Unassigned fund balance is the residual classification for the General Fund and represents fund balance that has not been restricted, committed or assigned to specific purposes within the general fund.

If, after the annual audit, prior committed or assigned fund balance causes the unassigned fund balance to fall below 20% of general fund operating expenditures, the City Manager will so advise City Council in order for the necessary action to be taken to restore the unassigned fund balance to at least 20% of General Fund operating expenditures.

The City Manager and Finance Officer will prepare and submit a plan for committed and/or assigned fund balance reduction, expenditure reduction and/or revenue increase to City Council. The City shall take action necessary to restore the unassigned fund balance to acceptable levels within two years.

13. Committed Fund Balances

Whenever necessary, the City Council hereby establishes the following committed fund balance:

- a) Disaster Committed Fund Balance - The disaster fund balance will be committed by City Council and will be reviewed periodically and included in the annual budget process to ensure the maintenance of services to the public during disaster situations such as, but not limited to, hurricanes.
- b) Environmental Initiative Committed Fund Balance - The environmental initiative fund balance will be committed by City Council to be reviewed periodically and included in the annual budget process to ensure services are available to address environmental damage.
- c) Insurance Deductible Committed Fund Balance - The insurance deductible fund balance will be committed by City Council, reviewed periodically and included in the annual budget process to ensure coverage of the City's deductible on its insured properties and equipment.

Assigned Fund Balance - The assigned fund balance with the details will be reviewed and updated periodically and included in the annual budget process.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

Unassigned:	<u>3,203,575</u>	<u>640,146</u>	<u>3,843,721</u>
Total fund balances	<u>\$ 4,051,337</u>	<u>\$ 640,146</u>	<u>\$ 4,691,483</u>

14. Budgetary - GAAP Reporting Reconciliation

The accompanying financial statements present comparisons of the legally adopted budget with actual data on a GAAP (generally accepted accounting principles) basis. Accounting principles applied by the City for purposes of developing data on a budgetary basis did not differ significantly from those used to present financial statements in conformity with generally accepted accounting principles for the year ended September 30, 2013.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

15. Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the State of Florida. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

The City did not receive federal grant funds during the fiscal year ended September 30, 2013, and is not, therefore, subject to the program compliance audit by the grantee under the Office of Management and Budget Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations".

In September of 2009, the City entered into a four year cancelable operating lease for the copier equipment. Lease expense during the year ended September 30, 2012 was \$6,483. As of October 2012 the City has a new three year cancelable operations lease for the copier equipment.

The City has not entered into any operating leases with scheduled rent increases as of September 30, 2013.

16. Employee Retirement Systems

The City maintains a defined contribution 401(a) plan which covers the City's general employees hired on or after January 1, 1996. General employees hired prior to January 1, 1996 participate in the Florida Retirement System (System), a non-contributory cost-sharing multiple-employer public employee retirement system (PERS).

Florida Retirement System

Plan Description:

All of the City's general employees hired before January 1, 1996 participate in the Florida Retirement System (FRS), a non-contributory cost-sharing, multiple-employer public employee retirement system.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

16. Employee Retirement Systems (Continued)

The City of Belleair Beach contributes to the FRS which is administered by the Florida Department of Management Services, Division of Retirement. FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Chapter 121 of the Florida Statutes, which may be amended by the Florida Legislature, assigns the authority to establish and amend benefit provisions to the Department of Management Services through the Division of Retirement. The FRS issues a publicly available financial report that includes financial statements and required supplementary information for FRS. That report may be obtained by writing to:

State of Florida
Division of Retirement
3639-C North Monroe Street
Tallahassee, Florida 32399-1560

Funding Policy:

The FRS funding policy provides for monthly employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll are adequate to accumulate sufficient assets to pay benefits when due. Level percentage of payroll employer contribution rates, established by state law, are determined using the entry-age actuarial funding method. Future plan benefit changes, assumption changes, and methodology changes are amortized within 30 years, using level dollar amounts. Except for gains reserved for rate stabilization, future actuarial gains and losses are amortized on a rolling 10% basis, as a level dollar amount.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

16. Employee Retirement Systems (Continued)

Retirement benefits and the City's contribution rates are summarized as follows:

Membership Category	Retirement Benefit	Vesting	City Contributions Rate Actuarially Determined	
			Employer Contribution Rates through June 30, 2013	Employer Contribution Rates Beginning July 1, 2013
Regular	1.6% times years of service times average compensation (5 highest years) if age 62 or 30 years of service at any age.	After 6 years of creditable service.	5.18% of covered payroll	6.95% of covered payroll
Drop from FRS	-	-	4.42% of covered payroll	4.42% of covered payroll

Participants in FRS contribute 3% of salary.

The City's contributions include 1.11% for a post-retirement health insurance subsidy.

Deferred Retirement Option Program:

The FRS Deferred Retirement Option Program (DROP) is available to a member when the member first reaches eligibility for normal retirement. DROP allows a member to retire while continuing employment for up to 60 months. During DROP participation, the member's retirement benefits (increased by a cost-of-living adjustment each July) accumulate in the FRS Trust Fund and earn monthly interest equivalent to an annual rate of 6.5%. (The DROP interest rate is reduced to 1.3% for members who enter DROP on or after 7/1/11.) The member must cease employment after a maximum of 60 months, must satisfy the termination requirements for retirement, and is subject to reemployment restrictions thereafter. The member's DROP accumulation may be paid out as a lump sum payment, a rollover, or a combination partial lump sum payment and rollover. Employers must pay contributions at a rate of 4.42% of salary for all DROP participants. FRS also provides disability and survivors benefits. Benefits are established by Florida State Statute.

solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate after ninety days of employment. The Plan requires the City contribute ten percent of their compensation. The City's contributions for each employee (and interest allocated to the employee's account) are fully vested after five years of continuous service. City contributions for, and interest forfeited by, employees who leave employment before five years of service are used to reduce the City's current-period contribution requirement. Plan provisions and contribution requirements are established and may be amended by the City Council.

The City's total payroll in fiscal year 2013 was \$361,312. The City's contributions were calculated using the participants' salary amount of \$305,320. The City made the required contributions summarized as follows:

	<u>Contribution Amount</u>	<u>Percentage of Current Covered Payroll</u>
Required:		
City	\$ 30,532	10.0 %
Forfeitures applied	<u>-</u>	<u>-</u>
Total contributions	<u>\$ 30,532</u>	<u>10.0 %</u>

On November 5, 2001, the City Council adopted a resolution establishing this defined contribution for the City's general employees. This resolution authorizes participation in the Florida Municipal Pension Trust Funds.

Resolution 2012-06 amended the eligibility period from one year to ninety days.

The plan has not issued an audited stand-alone financial report for the year ended September 30, 2013.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

17. Deferred Compensation Plan

The City maintains a deferred compensation plan (plan) under the provisions of Section 457 of the Internal Revenue Code, as amended. This law stipulates that all assets and income of the plan must be held in trust for the exclusive benefit of the Plan participants and their beneficiaries. The City's plan is administered by the Florida League of Cities, Inc. and provides the plan participants with the option to invest in thirteen different registered investment funds (mutual funds). Although the City is the Trustee of the plan, the City has no administrative involvement and performs no investing function for the plan and has not therefore, reported the plan in this financial report.

18. Post-Employment Health Care Benefits

Postemployment health care benefits are made available to the City's terminated employees in accordance with the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). Under COBRA, the City is required to offer an election to deceased or terminated participants, their spouses or dependents, to continue coverage in the health plan provided by the City. The cost of coverage which the City may charge the participant may not exceed 102% of the applicable premium.

GASB Statement No. 45: *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions* (OPEB), established new accounting standards for postretirement benefits. The new standard does not require funding of OPEB expense, but any difference between the annual required contribution (ARC) and the amount funded during the year is required to be recorded in the employer's financial statement as an increase (or decrease) in the net OPEB obligation. The effective date for implementation of GASB 45 by the City of Belleair Beach is October 1, 2008. Accordingly, the City did obtain an actuarial valuation in accordance with GASB 45 standards as of October 1, 2011, and discloses the following:

Plan Description and Funding Policy

Employees who retire from the City of Belleair Beach (City), and eligible dependents and survivors, are eligible to continue to participate in the City's health insurance programs at the "blended" employee group rate which is determined annually by the City and approved by the City Council. Retirees have 31 days to elect to enroll in the City's health insurance plan in which they were participating at the time of retirement unless otherwise stated in a plan document or collective bargaining agreement. As of September 30, 2013, there were no eligible retirees and dependents participating in the City's health program.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

18. Post-Employment Health Care Benefits

The City provides no funding for any portion of the premiums after retirement. However, the City recognizes that there is an “implicit subsidy” arising as a result of the blended rate premium since retiree health care costs, on average, are higher than active employee healthcare costs. The plan is not accounted for as a trust fund as an irrevocable trust has not been established to fund the plan. The plan does not issue a separate financial report.

Annual OPEB Cost and Net OPEB Obligation

The City’s annual other post-employment benefits (OPEB) cost is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and to amortize any unfunded actuarial liabilities over a period not to exceed 30 years. The City’s annual OPEB cost for its plan for the current year is as follows:

	<u>Annual OPEB Cost</u>
Annual required contribution (ARC)	\$ 734
Interest on net OPEB obligation	79
Adjustment to ARC	<u>(93)</u>
Annual OPEB cost	720
Contributions made (pay-as-you-go basis)	<u>-</u>
Increase in net OPEB obligation	720
Net OPEB obligation, beginning of year	<u>1,981</u>
Net OPEB obligation, end of year	<u><u>\$ 2,701</u></u>

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

18. Post-Employment Health Care Benefits (Continued)

Required Supplementary Information

Funded Status and Funding Progress

The funded status of the plan as of October 1, 2009, was as follows:

	<u>Funded Status</u>
Actuarial accrued liability	\$ 4,465
Actuarial value of plan assets	<u>-</u>
Unfunded actuarial accrued liability	<u>\$ 4,465</u>
Funded ratio	<u>0%</u>
Covered payroll	<u>\$ N/A</u>
Unfunded actuarial accrued liability as a percentage of coverage payroll	<u>N/A</u>

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the status of the plan and the annual required contributions of the City are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information in the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits. Since this is the first year of implementation there is no prior year information.

CITY OF BELLEAIR BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2013

19. Recently Issued and Implemented Accounting Pronouncements

Government Accounting Standards Board (GASB) Statement No. 61, “The Financial Reporting Entity: Omnibus” amends GASB No. 14 and GASB No. 34 to modify certain requirements for inclusion of component units in the financial reporting entity, to amend the criteria for reporting component units as if they were part of the primary government (i.e., blending) in certain circumstances and clarifies the reporting of equity interests in legally separate organization. The requirements of GASB No. 61 are effective in fiscal year 2013. The City implemented this statement in fiscal year 2013. Its implementation did not have any effect on the City’s financial statements.

Government Accounting Standards Board (GASB) Statement No. 63, “Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position” amends GASB No. 34. This statement provides guidance for reporting deferred outflows of resources, deferred inflows of resources, and net position by distinguishing them from assets and liabilities. Net position replaces the terminology net assets in the Statement of Net Position. The requirements of GASB No. 63 are effective in fiscal year 2013. Its implementation has introduced the new elements mentioned above to the Statement of Net Position and Balance Sheet.

(1) Florida Statutes provide for a discount of up to four percent for early payment of ad valorem taxes.
All unpaid taxes become delinquent on April 1, and are sold at auction on June 1 or each year as tax certificates.
The City, after all tax certificates are sold, has fully collected all ad valorem revenues.

(2) Net collected includes penalties or late payments.

(3) Florida Statutes provide for a three percent maximum increase in annual taxable property values.

The Honorable Mayor
and City Council
City of Belleair Beach, Florida

INDEPENDENT AUDITOR'S REPORT
ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, the budgetary comparisons for the general fund and the aggregate remaining fund information of the City of Belleair Beach, Florida, as of and for the year ended September 30, 2013, and the related notes to the financial statements, which collectively comprise the City of Belleair Beach, Florida's (City) basic financial statements, and have issued our report thereon dated January 20, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

The Honorable Mayor
and City Council
City of Belleair Beach, Florida

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

The Honorable Mayor
and City Council
Belleair Beach, Florida

We have audited the financial statements of the City of Belleair Beach, Florida as of and for the fiscal year ended September 30, 2013 and have issued our report thereon dated January 20, 2014.

We conducted our audit in accordance with United States generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. We have issued our Independent Auditor's Report on Compliance and Internal Control over Financial Reporting. Disclosures in that report, which are dated January 20, 2014, should be considered in conjunction with this management letter.

Additionally, our audit was conducted in accordance with Chapter 10.550, Rules of the Auditor General which governs the conduct of local governmental entity audits performed in the State of Florida. This letter includes the following information which is not included in the aforementioned auditor's reports or schedule:

Those rules (Section 10.554(1)(i)(1)) require that we address in the management letter, if not already addressed in the auditor's report on internal controls and compliance, whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made on internal control and compliance issues during the preceding annual financial audit.

As required by the Rules of the Auditor General (Section 10.554(1)(i)(2)), the scope of our audit included a review of the provisions of Section 218.415, Florida Statutes, regarding the investment of public funds. In connection with our audit, we determined that the City complied with Section 218.415, Florida Statutes.

The Honorable Mayor
and City Council
Belleair Beach, Florida

As required by the Rules of the Auditor General (Section 10.554(1)(i)(3)), the scope of our audit included a review of possible recommendations to improve the local government entity's financial management. In connection with our audit we did not have any such recommendations.

The Rules of the Auditor General (Section 10.554(1)(i)(4)) requires address violations of provisions of contracts or grant agreements, or abuse, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. Note: Fraud, noncompliance with provisions of laws or regulations and contracts or grant agreements, or abuse that does not warrant the attention of those charged with governance or internal control deficiencies that are not material weaknesses or significant deficiencies may be reported in the management letter based on professional judgment. In connection with our audit, we did not have any findings which warranted the attention of those charged with governance.

The Rules of the Auditor General (Section 10.554(1)(i)(5)) requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity as defined in publications cited in Rule 10.553 unless disclosed in the notes to the financial statements. Legal authority includes the general law, special acts, ordinances, resolutions, or other means by which the local government entity was created and is governed. This disclosure has been included in the City's Comprehensive Annual Financial Report for the fiscal year ended September 30, 2013.

The Rules of the Auditor General (Section 10.554(1)(i)6(a) requires that the auditor state whether or not the governmental entity has met one or more of the conditions described in Section 218.503(1), Florida Statutes and identify the specific condition or conditions met. During the course of our audit of the City's financial statements for the fiscal year ended September 30, 2013, we found that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

The Rules of the Auditor General (Section 10.554(1)(i)6(b) requires a statement as to whether or not the financial report filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the current audit period. We determined that the Comprehensive Annual Financial Report for the City for the fiscal year ended September 30, 2013 is in agreement with the annual financial report filed with the Florida Department of Financial Services for the fiscal year ended September 30, 2013.

The Honorable Mayor
and City Council
Belleair Beach, Florida

The Rules of the Auditor General (Section 10.554(1)(i)6(c) and 10.556(7)) requires that we apply financial condition assessment procedures. It is management's responsibility to monitor the City's financial condition and our financial condition assessment was based in part on representations made by management and the review of financial information provided by them.

Pursuant to Chapter 119, Florida Statutes, this management letter is public record and its distribution is not limited. Auditing standards generally accepted in the United States of America require us to indicate that this letter is intended solely for the information and use of management, and the Florida Auditor General, and is not intended to be and should not be used by anyone other than these specified parties.

January 20, 2014

The Honorable Mayor
and City Council
City of Belleair Beach, Florida

We have audited the basic financial statements of the governmental activities, the business-type activities, each major fund, the budgetary comparisons for the general fund and the aggregate remaining fund information which collectively comprise the basic financial statements of the City of Belleair Beach, Florida as of and for the year ended September 30, 2013, and have issued our report thereon dated January 20, 2014.

We have issued our Report on Compliance and Internal Accounting Controls in Accordance with *Government Auditing Standards* dated January 20, 2014. Disclosures in that report, if any, should be considered in conjunction with this management memorandum.

We conducted our audit in accordance with United States generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

In planning and performing our audit of the financial statements of City of Belleair Beach, Florida we considered the City's internal control structure to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

However, during our audit we observed a matter that is an opportunity for strengthening internal control and operating efficiency.

2012-2013

A. Accounting and Financial Reporting for Pensions

2011-2012

A. Implementation of GASB Statement 63

2012-2013

A. Accounting and Financial Reporting for Pensions

Effective for the fiscal year ending September 30, 2015, the City will implement GASB Statement 68 which is an amendment of GASB Statement 27.

Under this Standard, the City is required to report a liability on the government-wide statement of net position.

The information for this liability and the related note disclosures for the City's CAFR will be provided by the Florida Retirement System.

We recommend that the City's Finance Director and Manager become familiar with this new standard.

2011-2012

A. Implementation of GASB Statement 63

Statement 63 “Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, And Net Position” is effective for the fiscal year ended September 30, 2013. This GASB will have a significant effect on the Comprehensive Annual Financial Report that will be issued next year. We recommended last year that the City determine how the standard will affect their financial reporting. City Council needs to become familiar with the new standard prior to the implementation date.

This recommendation has been implemented.

* * * * *

This memorandum is intended solely for the use of the Mayor and City Council, and the State of Florida Office of the Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

We appreciate the courtesy and assistance provided to us by the City's personnel during our audit. We will review the status of the above comments during our next audit engagement. We have already discussed many of these comments and suggestions with City personnel, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

DAVIDSON, JAMIESON & CRISTINI, P.L.

The Honorable Mayor
and City Council
City of Belleair Beach, Florida

This is in response to the reminder stated in the Management Memorandum on Review of Internal Control Structure prepared by the City's independent auditor Davidson, Jamieson & Cristini, P.L., Certified Public Accountants. This reminder has nothing to do with the audit and internal control structure and this is exactly the same reminder as last fiscal year's. The auditor has noted that this recommendation has been implemented.

CURRENT YEAR

Accounting and Financial Reporting for Pensions

The Governmental Accounting Standards Board (GASB) was established "to promulgate standards of financial accounting and reporting with respect to activities and transactions of state and local government entities." The GASB has issued Statement No. 68 which requires the City to report a liability on the government-wide statement of net position.

The City of Belleair Beach will implement GASB Statement 68 on "Accounting and Financial Reporting for Pensions" and this will be reflected in the City's audited financial statements for the year ended September 30, 2015. This information only pertains to one city employee who is nearing retirement. The information regarding to the liability the City is responsible for this will be provided by the Florida Retirement System and will be included in future CAFRs.

Sincerely yours,

Melanie M. Neumann
Finance Officer
